[Jigs & Reels](#) Sep 21 2022 Each of the twenty-two tales in this enchanting collection is a surprise and a delight, melding the poignant and the possible with the outrageous, the magical, and, sometimes, the eerily haunting. Wolf men, dolphin women, defiant old ladies, and middle-aged manufacturers of erotic leatherwear -- in Jigs & Reels the miraculous goes hand in hand with the mundane, the sour with the sweet, and the beautiful, the grotesque, the seductive, and the disturbing are never more than one step away. Whether she's exploring the myth of beauty, the pain of infidelity, or the wonder of late-life romance, Joanne Harris once again proves herself a master of the storyteller's trade.

**Dent's Modern Tribes** Mar 03 2021 Did you know that . . . a soldier's biggest social blunder is called jack brew - making yourself a cuppa without making one for anyone else? That twitchers have an expression for a bird that can't be identified - LBJ (the letters stand for Little Brown Job)? Or that builders call plastering the ceiling doing Lionel Richie's dancefloor? Susie Dent does. Ever wondered why football managers all speak the same way, what a cabbie calls the Houses of Parliament, or how ticket inspectors discreetly request back-up? We are surrounded by hundreds of tribes, each speaking their own distinct slanguage of colourful words, jokes and phrases, honed through years of conversations on the battlefield, in A&E, backstage, or at ten-thousand feet in the air. Susie Dent has spent years interviewing hundreds of professionals, hobbyists and enthusiasts, and the result is an idiosyncratic phrasebook like no other. From the Freemason's handshake to the publican's banter, Dent's Modern Tribes takes us on a whirlwind tour of Britain, decoding its secret languages and, in the process, finds out what really makes us all tick.

[Return to Earth](#) Aug 28 2020 Apollo 11 astronaut Buzz Aldrin's courageous, candid memoir of his return to Earth after the historic moon landing and his personal struggle with fame and depression. "We landed with all the grace of a freight elevator," Buzz Aldrin relates in the opening passages of *Return to Earth*, remembering Command Module Columbia's abrupt descent into the gravity of the blue planet. With that splash, Aldrin takes readers on a journey through the human side of the space program, as one of the first two men to land on the moon learns to cope with the pressures of his new public persona. In honest and compelling prose, Aldrin reveals a side of instant fame for which West Point and NASA could never have prepared him. One day a fighter pilot and engineer, the next a cultural hero burdened with the adoration of thousands, Aldrin gives a poignant account of the affair that threatened his marriage, as well as his descent into alcoholism and depression that resulted from trying to be too many things to too many people. He didn't realize that when he landed on his home planet his odyssey had just begun. As Aldrin puts it, "I traveled to the moon, but the most significant voyage of my life began when I returned from where no man had been before." *Return to Earth* is a powerful and moving memoir that exposes the stresses suffered by those in the Apollo program and the price Buzz Aldrin paid when he became an American icon.

Omar Khayyam Shakil had three mothers who shared everything. They shared the symptoms of pregnancy; they shared the son that they all claim to have borne on the same night. Raised at their six breasts, Omar's mothers teach him to live a life without shame. And it is training that proves very useful when he leaves his mothers' fortress and makes the fateful mistake of falling in love. For he finds himself an unwitting player in an ongoing duel between the families of two men - one a celebrated wager of war, the other a debauched lover of pleasure - living in a world caught between honour and humiliation, where a moment of shame could prove fatal. 'Shame is every bit as good as *Midnight's Children*. It is a pitch-black comedy of public life and historical imperatives' *The Times*

*The Slightly Awesome Teacher* Dec 20 2019 Most books on teaching ask teachers to be inspirational, to operate at 100 miles an hour with creativity oozing out of every pore. Dominic Salles says that's unsustainable. But you can get brilliant results using some simple practices taken from the myriad of educational research on classroom practices. It isn't a guide to all the extra stuff you should do to become cool and awesome. It is a book that will get you to forget about teaching and think about learning: another way of saying, it will help you to stop stressing about what you do, and get the students to work harder and smarter at what they do. Dominic Salles believes that every teacher can be slightly awesome. And here he shows you how.

It was written between 1938 and 1939 while Orwell spent time recuperating from illness in French Morocco, mainly in Marrakesh. He delivered the completed manuscript to Victor Gollancz upon his return to London in March 1939. The story follows George Bowling, a 45-year old husband, father, and insurance salesman, who foresees World War II and attempts to recapture idyllic childhood innocence and escape his dreary life by returning to Lower Binfield, his birthplace. The novel is comical and pessimistic, with its view that speculative builders, commercialism, and capitalism are killing the best of rural England and the existence of new, external threats. *The Silk Factory* May 17 2022 A beautiful and eerie story of love and memory from the author of *The Moon Field*.

**AQA English Language Paper 1 Practice Papers** Dec 24 2022 If you're at this point, you must be getting ready for your English language exams, so we have a few words of advice for you: Exams aren't bad. They're your opportunity to show off just how much you know about English--and you have been studying it since you were five, so you definitely know a thing or two! Don't worry about your exams--worry never changes anything--instead, try and see them as an opportunity to show off what you know. Practising exam papers is a good way to revise and, because this exam is still relatively new, there aren't that many past papers out there. The papers in this book have been created to try and replicate the exam experience for you. Some people might suggest using your literature texts for practice, but the whole point of this exam is that it is unseen: it's best to work on extracts you've never read before. There is more than one way to tackle an exam paper. You could sit it in one go and complete it in exam conditions from start to finish. You could go at the papers gently, with modelled examples in front of you to help (check out the videos at [youtube.com/mrbruff](https://www.youtube.com/mrbruff)). Another method is to try three question threes all in a row, slide tackling your way through the paper. You might want to complete all of the Section B questions before beginning Section A. However you do it, take your time, and use the indicative content at the end to check your work. The indicative content isn't everything. You might make a point that we haven't included. Marking your own work is quite difficult so, although these are good to practise on, you

should share with someone who understands the marking system to mark your work and give you feedback. This book is not a guide to the exam: it is a set of practice papers. For a detailed question-by-question guide to AQA English language, you should pick up a copy of 'Mr Bruff's Guide to GCSE English Language' in paperback on Amazon, or eBook at [mrbruff.com](http://mrbruff.com). Please note: we are not endorsed by or affiliated to the AQA exam board. We are simply two experienced teachers creating resources.

**An Evil Cradling** Sep 09 2021 Brian Keenan went to Beirut in 1985 for a change of scene from his native Belfast. He became headline news when he was kidnapped by fundamentalist Shi'ite militiamen and held in the suburbs of Beirut for the next four and a half years. For

much of that time he was shut off from all news and contact with anyone other than his jailers and, later, his fellow hostages, amongst them John McCarthy.

*127 Hours* Apr 23 2020 On Sunday April 27, 2003, 27-year old Aron Ralston set off for a day's hiking in the Utah canyons. Dressed in a t-shirt and shorts, Ralston, a seasoned climber, figured he'd hike for a few hours and then head off to work. 40 miles from the nearest paved road, he found himself on top of an 800-pound boulder. As he slid down and off of the boulder it shifted, trapping his right hand against the canyon wall. No one knew where he was; he had little water; he wasn't dressed correctly; and the boulder wasn't going anywhere. He remained trapped for five days in the canyon: hypothermic at night, de-hydrated and hallucinating by day. Finally, he faced the most terrible decision of his life: bracing the bones in his wrist by snapping them against the boulder, he hacked through the skin, and finally succeeded in amputating his right hand and wrist. The ordeal, however, was only beginning. He still faced a 60-foot rappell to freedom, and a walk of several hours back to his car - along the way, he miraculously met a family of hikers, and with his arms tourniqued, and blood-loss almost critical, they heard above them the whir of helicopter blades; just in time, Aron was rescued and rushed to hospital. Since that day, Aron has had a remarkable recovery. He is back out on the mountains, with an artificial limb; he speaks to select groups on his ordeal and rescue; and amazingly, he is upbeat, positive, and an inspiration to all who meet him. This is the account of those five days, of the years that led up to them, and where he goes from here. It is narrative non-fiction at its most compelling.

GCSE AQA English Language for the Grade 9-1 Course Aug 08 2021 Notes from a Small Island Oct 10 2021 In 1995, before leaving his much-loved home in North Yorkshire to move back to the States for a few years with his family, Bill Bryson insisted on taking one last trip around Britain, a sort of valedictory tour of the green and kindly island that had so long been his home. His aim was to take stock of the nation's public face and private parts (as it were), and to analyse what precisely it was he loved so much about a country that had produced Marmite; a military hero whose dying wish was to be kissed by a fellow named Hardy; place names like Farleigh Wallop, Titsey and Shellow Bowells; people who said 'Mustn't grumble', and 'Ooh lovely' at the sight of a cup of tea and a plate of biscuits; and Gardeners' Question Time. *Notes from a Small Island* was a huge number-one bestseller when it was first published, and has become the nation's most loved

book about Britain, going on to sell over two million copies.
